DECLARATION

I, Michelle Mustafa, the undersigned, hereby state the following:

1. I am a docketing clerk at the law firm of Scully, Scott, Murphy, and Presser (hereinafter SSMP) located in Garden City, New York, United States of America.
2. Our firm represents NEC Corporation (hereinafter NEC) in numerous U.S. patent matters.
3. In my capacity as a docketing clerk it is among my responsibilities to check all Express Mail postings to the U.S. Patent and Trademark Office via the U.S. Postal Service on the date of their departure. This check includes counting the number of specification pages, including claims, abstract, and drawings, checking to make sure all documents are signed, verifying that Express Mail numbers on the transmittals match the labels and certificates of mailing, making sure that all checks are included and double checking that everything listed on the postcard is enclosed.
4. By signing the Certificate of Mailing it indicates that I performed all of the checks identified in paragraph 3 above, including counting four sheets of formal drawings.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are

believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

DECLARATION

I, Debra Gerber, the undersigned, hereby state the following:

1. I am a legal secretary at the law firm of Scully, Scott, Murphy, and Presser (hereinafter SSMP) located in Garden City, New York, United States of America.
2. Our firm represents NEC Corporation (hereinafter NEC) in numerous U.S. patent matters.
3. In my capacity as legal secretary it is among my responsibilities to prepare the documents for filing new U.S. patent applications. It is the procedure at SSMP for the secretary to prepare all the transmittal letters, obtain the necessary checks, copy the application papers, including specification, claims, abstract and drawings, and verify that the Express Mail numbers on the transmittals match the label and certificates of mailing. In particular, the specification pages are counted to make sure that all the pages are there and the application is complete. Once the application has been signed, the application papers are deposited in a Patent and Trademark out box in our docketing department. The docketing clerk then double checks that all the paperwork is complete. (See, Declaration of Michelle Mustafa).
4. Further, a New Patent Application Checklist is filled out, wherein the number of pages of the specification, transmittal pages and drawing sheets are listed, as well the check amounts and Claim of Priority, Information Disclosure

Statement, etc. Enclosed is the checklist for docket 15056 which was prepared by me and initialed on the date the application was filed. The checklist indicates that I counted four sheets of drawings.

I hereby declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both under Section 1001 of Title 18 of the United States Code and that such willful false statements may jeopardize the validity of the application or any patent issued thereon.

NOTICE OF OMITTED ITEM(S) IN A NONPROVISIONAL APPLICATION

FILED UNDER 37 CFR 1.53(b)

A filing date has been accorded to the above-identified nonprovisional application papers; however, the following item(s) appear to have been omitted from the application:

- Figure(s) 2,3,4 described in the specification.

I. Should applicant contend that the above-noted omitted item(s) was in fact deposited in the U.S. Patent and Trademark Office (USPTO) with the nonprovisional application papers, a copy of this Notice and a petition (and \$130.00 petition fee (37 CFR 1.17(h))) with evidence of such deposit **must** be filed within **TWO MONTHS** of the date of this Notice. The petition fee will be refunded if it is determined that the item(s) was received by the USPTO.

II. Should applicant desire to supply the omitted item(s) and accept the date that such omitted item(s) was filed in the USPTO as the filing date of the above-identified application, a copy of this Notice, the omitted item(s) (with a supplemental oath or declaration in compliance with 37 CFR 1.63 and 1.64 referring to such items), and a petition under 37 CFR 1.182 (with the \$130.00 petition fee (37 CFR 1.17(h))) requesting the later filing date **must** be filed within **TWO MONTHS** of the date of this Notice.

III. The failure to file a petition (and petition fee) under the above options (I) or (II) within **TWO MONTHS** of the date of this Notice (37 CFR 1.181(f)) will be treated as a constructive acceptance by the applicant of the application as deposited in the USPTO. **THIS TWO MONTH PERIOD IS NOT EXTENDABLE UNDER 37 CFR 1.136(a) or (b).** In the absence of a timely filed petition in reply to this Notice, the application will maintain a filing date as of the date of deposit of the application papers in the USPTO, and original application papers (i.e., the original disclosure of the invention) will include only those application papers present in the USPTO on the date of deposit.

In the event that applicant elects not to take action pursuant to options (I) or (II) above (thereby constructively electing option (III)), amendment of the specification to renumber the pages consecutively and cancel incomplete sentences caused by any omitted page(s), and/or amendment of the specification to cancel all references to any omitted drawing(s), relabel the drawing figures to be numbered consecutively (if necessary), and correct the references in the specification to the drawing figures to correspond with any relabelled drawing figures, is required. Any drawing changes should be accompanied by a copy of the drawing figures showing the proposed changes in red ink. Such amendment and/or correction to the drawing figures, if necessary, should be by way of preliminary amendment submitted prior to the first Office action to avoid delays in the prosecution of the application.

A copy of this notice MUST be returned with the reply.
